**Purpose:** The document is intended for use by end-of-life recyclers or treatment facilities. It provides the basic instructions for the disassembly of HP products to remove components and materials requiring selective treatment, as defined by EU directive 2002/96/EC, Waste Electrical and Electronic Equipment (WEEE).

## 1.0 Items Requiring Selective Treatment

### 1.1 Items Required for Selective Treatment

1.2 Enter the quantity of items contained within the product which require selective treatment in the right column, as applicable.

PSG instructions for this template are available at [EL-MF877-01](EL-MF877-01)
2.0 Tools Required

List the type and size of the tools that would typically be used to disassemble the product to a point where components and materials requiring selective treatment can be removed.

<table>

3.0 Product Disassembly Process

3.1 List the basic steps that should typically be followed to remove components and materials requiring selective treatment:

1. Take down BTY direct from system bottom side (Get: BTY)
2. Take down Wireless door/screw/antenna; (Get: Wireless)
3. Take down HDD door/Screw (Get: HDD module)
4. Take down bottom side screw (Get: ODD)
5. Transfer to Top side/Open LCD, take down KB direct (Get: KB)
6. Cramp out power cable (Get: Middle cover)
7. Take down Top of base unit screw/Cable (Get: Base module/LCD module)
8. Take down Bezel/LCD module screw; (Get: LCD/Inveter/Camera)
9. Take down U-case module (Get: U-case module)
10. Take screw/Cable in base module (Get: USB board/Audio board/BT board/Speaker/MB/DIMM)
11. Take down heat sink in MB (Get: CPU)
12. Take down T/P bracket in U-case module (Get: T/P/T/P on-off button/T/P L-R button)
13. 

3.2 Optional Graphic. If the disassembly process is complex, insert a graphic illustration below to identify the items contained in the product that require selective treatment (with descriptions and arrows identifying locations).
Disassemble Process-1

Get Component
1. BTY
2. Wireless
3. HDD module
4. ODD module

Disassemble Item
a. Wireless Door
b. HDD Door
Screw
(Tear down all screw in bottom side except DIMM Door)
Disassemble Process-2

Get Component
5.K/B
6.Middle cover
7.LCD module

Disassemble
Cable
Screw (in the Top side of Base unit)
Disassemble Process-3

Get Component
8. U-case module
9. Speak module
10. USB Board
11. Audio BD
12. BT
13. Main BD
14. ODD transfer BD
15. L-case module

Disassemble item
Screw (In the top of base units)
Cable
Disassemble Process-4

Get Component
16.DIMM
17.CPU
18.MB

Disassemble item
C. Heat sink
Disassemble Process-5

Get Component
19. T/P on-off board
20. T/P board
21. T/P L/R button board

Disassemble item
D.T/P Bracket
screw
Disassemble Process-6

Get Component
22.Inveter
23.Hinge
24.Camare
25.LCD

Disassemble item
E.LCD Bezel
Screw/Rubber
