

# SAFETY DATA SHEET

## 1. Identification of the product

Important information \*\*\* This Safety Data Sheet is only authorised for use by HP for HP Original products. Any

unauthorised use of this Safety Data Sheet is strictly prohibited and may result in legal action

being taken by HP. \*\*\*

GHS product identifier CLT-Y806Series

Other means of identification None.

Recommended use of the chemical and restrictions on use

**Recommended use** This product is a toner mixture that is used in printing systems.

**Recommended restrictions** Do not use with non compatible printer.

Suppliers details

Company identification HP Inc. Costa Rica, Limitada

Centro Corporativo Plaza Roble, Edificio 5

San Jose, Costa Rica 01210

**Telephone** 52 (55) 5258-4000

HP Inc. health effects line

(Toll-free within the US) 1-800-457-4209 (Direct) 1-760-710-0048

**HP Inc. Customer Care** 

Line

Email: hpcustomer.inquiries@hp.com

## 2. Hazard identification

#### Classification of the substance or mixture

Physical hazards Not classified.

Health hazards Not classified.

Environmental hazards Not classified.

### GHS label elements, including precautionary statements

Hazard symbols None.

Signal word None.

Hazard statement Not available.

**Precautionary statement** 

PreventionNot available.ResponseNot available.StorageNot available.DisposalNot available.

Other hazards which do not

result in classification

None known.

GHS Supplemental information None.

# 3. Composition/information on ingredients

### **Mixtures**

Chemical identity	Common name(s), synonym(s)	CAS number and other unique identifiers	Concentration
Polvester resin	Polvester resin	Proprietary	<85%

Material name: CLT-Y806Series SDS COSTA RICA

Chemical identity	Common name(s), synonym(s)	CAS number and other unique identifiers	Concentration
Wax		Proprietary	<10%
Amorphous silica	Amorphous silica	Proprietary	<5%

### 4. First-aid measures

#### Description of necessary first-aid measures

Inhalation Move person to fresh air immediately. If irritation persists, consult a physician.

Wash affected areas thoroughly with mild soap and water. Get medical attention if irritation Skin contact

develops or persists.

Do not rub eyes. Immediately flush with large amounts of clean, warm water (low pressure) for at **Eve contact** 

least 15 minutes or until particles are removed. If irritation persists, consult a physician.

Rinse mouth with water. Drink one to two glasses of water. DO NOT induce vomiting. Get medical Ingestion

attention immediately.

Most important

symptoms/effects, acute and

delayed

Difficulty in breathing. Coughing.

Indication of immediate medical attention and special

**General information** 

Treat symptomatically.

treatment needed

Ensure that medical personnel are aware of the material(s) involved, and take precautions to

protect themselves.

## 5. Fire-fighting measures

Suitable extinguishing media

Unsuitable extinguishing

media

Dry chemical, foam, carbon dioxide, water fog.

Do not use water jet as an extinguisher, as this will spread the fire.

Specific hazards arising from

the chemical

During fire, gases hazardous to health may be formed.

Special protective actions for

firefighters

Firefighters should wear full protective clothing including self contained breathing apparatus.

Fire fighting

equipment/instructions

Move containers from fire area if you can do so without risk.

Specific methods

Use standard firefighting procedures and consider the hazards of other involved materials.

General fire hazards No unusual fire or explosion hazards noted.

#### 6. Accidental release measures

## Personal precautions, protective equipment and emergency procedures

For non-emergency

personnel

Keep unnecessary personnel away. Wear appropriate protective equipment and clothing during clean-up. Use a NIOSH/MSHA approved respirator if there is a risk of exposure to dust/fume at levels exceeding the exposure limits. See Section 8 of the SDS for Personal Protective Equipment.

For emergency responders

Not available.

**Environmental precautions** 

Methods and materials for containment and cleaning up Avoid discharge into drains, water courses or onto the ground.

Avoid the generation of dusts during clean-up. Use explosion proof electric equipment. Collect dust using a vacuum cleaner equipped with HEPA filter. The product is immiscible with water and will spread on the water surface. Stop the flow of material, if this is without risk. Sweep up or vacuum

up spillage and collect in suitable container for disposal.

Other issues relating to spills

and releases

Fine powder can form explosive dust-air mixtures. Take up mechanically and collect in suitable container for disposal. Dispose of in compliance with federal, state, and local regulations.

## 7. Handling and storage

Precautions to ensure safe handling

Minimize dust generation and accumulation. Use local exhaust ventilation. Avoid prolonged exposure. Practice good housekeeping.

Conditions for safe storage, including any incompatibilities Store in tightly closed original container. Store in a well-ventilated place. Store away from incompatible materials (see Section 10 of the SDS).

## 8. Exposure controls/personal protection

# **Control parameters**

Material name: CLT-Y806Series SDS COSTA RICA

#### Occupational exposure limits

**US. ACGIH Threshold Limit Values** 

 Components
 Type
 Value
 Form

 Wax
 TWA
 2 mg/m3
 Fume.

Biological limit values No biological exposure limits noted for the ingredient(s).

Control banding approach

Appropriate engineering

controls

Good general ventilation should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level. If engineering measures are not sufficient to maintain concentrations of dust particulates below the Occupational Exposure Limit (OEL), suitable respiratory protection must be worn. If material is ground, cut, or used in any operation which may generate dusts, use appropriate local exhaust ventilation to keep exposures

below the recommended exposure limits.

Individual protection measures, such as personal protective equipment

**Eye/face protection** Wear safety glasses with side shields (or goggles).

Skin protection

**Hand protection** Rubber gloves are recommended. Wash hands after handling.

**Other** Protection suit must be worn.

**Respiratory protection**No personal respiratory protective equipment required under normal conditions of use.

**Thermal hazards** Wear appropriate thermal protective clothing, when necessary.

General hygiene Keep away from food, drink and animal feeding stuffs. Wash hands before breaks and immediately after handling the product.

## 9. Physical and chemical properties

**Appearance** 

Physical state Not available.

Form Solid. Fine powder

Color Yellow.

Odor Odorless

Odor threshold Not available.

pH Not available.

Melting point/freezing point Not available.

Initial boiling point and boiling Not available.

range

Flash point Not available.

Evaporation rate Not available.

Flammability (solid, gas) Not available.

Upper/lower flammability or explosive limits

Flammability limit - lower (%)

Not available.

Flammability limit - upper

(%)

Not available.

Explosive limit - lower (%) Not available.

Explosive limit - upper (%) Not available.

For pressure Not available.

Vapor pressureNot available.Vapor densityNot available.

Solubility(ies)

Solubility (water) Insoluble in water.

**Solubility (other)** Partially soluble in toluene, chloroform and tetrahydrofuran

Partition coefficient (n-octanol/water)

Not available.

Auto-ignition temperature Not available.

Decomposition temperature > 392 °F (> 200 °C)

Material name: CLT-Y806Series SDS COSTA RICA

14630

ViscosityNot available.Other informationNot available.

Oxidizing properties No information available.

**Solubility (other)** Partially soluble in toluene, chloroform and tetrahydrofuran

## 10. Stability and reactivity

**Reactivity**The product is stable and non-reactive under normal conditions of use, storage and transport.

Chemical stability Stable under normal storage conditions.

Possibility of hazardous

reactions

Not available.

Conditions to avoid Avoid temperatures exceeding the decomposition temperature. Contact with incompatible

materials.

**Incompatible materials**This product may react with strong oxidizing agents.

**Hazardous decomposition** 

products

Carbon monoxide and carbon dioxide.

## 11. Toxicological information

## Information on likely routes of exposure

**Inhalation** Dust may irritate respiratory system. Prolonged inhalation may be harmful.

**Skin contact** Dust or powder may irritate the skin.

**Eye contact** Dust may irritate the eyes.

**Ingestion** Expected to be a low ingestion hazard.

Symptoms Not available.

#### Information on toxicological effects

Acute toxicity Based on available data, the classification criteria are not met.

LD50/oral/rat >5000 mg/kg.

**Skin corrosion/irritation** Based on available data, the classification criteria are not met.

Not a known irritant. (OECD 404).

Serious eye damage/eye

irritation

Based on available data, the classification criteria are not met.

Not a known irritant. (OECD 405).

Respiratory or skin sensitization

**Respiratory sensitization** Not a respiratory sensitizer.

**Skin sensitization** This product is not expected to cause skin sensitization.

**Germ cell mutagenicity**Based on available data, the classification criteria are not met.
Negative Ames Test (Test strains: Salmonella typhimurium).

Based on available data, the classification criteria are not met.

IARC Monographs. Overall Evaluation of Carcinogenicity

Amorphous silica (CAS Proprietary) 3 Not classifiable as to carcinogenicity to humans.

Reproductive toxicity

This product is not expected to cause reproductive or developmental effects.

Specific target organ toxicity -

single exposure

Carcinogenicity

Based on available data, the classification criteria are not met.

Specific target organ toxicity -

repeated exposure

Based on available data, the classification criteria are not met.

Aspiration hazard Based on available data, the classification criteria are not met.

Other information Complete toxicity data are not available for this specific formulation

Complete toxicity data are not available for this specific formulation Refer to Section 2 for potential health effects and Section 4 for first aid measures.

In a study in rats (H.Muhle) by chronic inhalation exposure to a typical toner, a mild to moderate degree of lung fibrosis was observed in 92% of the rats in the concentration(16mg/m3) exposure group, and a minimal to mild degree of fibrosis was noted in 22% of the animals in the middle (4mg/m3) exposure group. But no pulmonary changes was reported in the lowest (1mg/m3)

exposure group, the most relevant level to potential human exposures.

### 12. Ecological information

**Ecotoxicity**The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment.

Material name: CLT-Y806Series SDS COSTA RICA

Persistence and degradability

No data is available on the degradability of any ingredients in the mixture.

Bioaccumulative potential Mobility in soil

Not available. Not available.

Other adverse effects

This product has not been tested for ecological effects.

## 13. Disposal considerations

## Disposal methods

**Disposal instructions** 

Dispose of in compliance with federal, state, and local regulations. Do not shred toner cartridge, unless dust-explosion prevention measures are taken. Do not put toner container into fire; heated toner may cause severe burns. Do not incinerate. Do not allow this material to drain into sewers/water supplies.

HP's Planet Partners (trademark) supplies recycling program enables simple, convenient recycling of HP original inkjet and LaserJet supplies. For more information and to determine if this service is available in your location, please visit http://www.hp.com/recycle.

Local disposal regulations

Waste from residues /

Not available.

unused products
Contaminated packaging

Not available.

## 14. Transport information

#### DOT

Not regulated as dangerous goods.

#### IATA

Not regulated as dangerous goods.

## **IMDG**

Not regulated as dangerous goods.

#### **ADR**

Not regulated as dangerous goods.

### **Further information**

Not a dangerous good under DOT, IATA, ADR, IMDG, or RID.

# 15. Regulatory information

### **National regulations**

Colombia. Chemical Precursors (Law 67 of 1993, Tables I and II)

Not regulated.

Ecuador. Precursors (Narcotic and Psychotropic Substances Law, Annex IV)

Not regulated.

International regulations

All chemical substances in this HP product have been notified or are exempt from notification under chemical substances notification laws in the following countries: US (TSCA), EU (EINECS/ELINCS), Switzerland, Canada (DSL/NDSL), Australia, Japan, Philippines, South Korea,

New Zealand, and China.

**Montreal Protocol** 

Not applicable.

**Stockholm Convention** 

Not applicable.

**Rotterdam Convention** 

Not applicable.

**Kyoto protocol** 

Not applicable.

**Basel Convention** 

Not applicable.

### 16. Other information

**Revision date** 

13-Jun-2019

Material name: CLT-Y806Series SDS COSTA RICA

#### Disclaimer

This Safety Data Sheet document is provided without charge to customers of HP. Data is the most current known to HP at the time of preparation of this document and is believed to be accurate. It should not be construed as guaranteeing specific properties of the products as described or suitability for a particular application. This document was prepared to the requirements of the jurisdiction specified in Section 1 above and may not meet regulatory requirements in other countries.

This safety data sheet is meant to convey information about HP inks (toners) provided in HP Original ink (toner) supplies. If our Safety Data Sheet has been provided to you with a refilled, remanufactured, compatible or other non-HP Original supply please be aware that the information contained herein was not meant to convey information about such products and there could be considerable differences from information in this document and the safety information for the product you purchased. Please contact the seller of the refilled, remanufactured or compatible supplies for applicable information, including information on personal protective equipment, exposure risks and safe handling guidance. HP does not accept refilled, remanufactured or compatible supplies in our recycling programs.
