## 4. First aid measures

### First aid measures for different exposure routes

<b>Inhalation</b>	Move person to fresh air immediately. If irritation persists, consult a physician.
<b>Skin contact</b>	Wash affected areas thoroughly with mild soap and water. Get medical attention if irritation develops or persists.
<b>Eye contact</b>	Do not rub eyes. Immediately flush with large amounts of clean, warm water (low pressure) for at least 15 minutes or until particles are removed. If irritation persists, consult a physician.
<b>Ingestion</b>	Rinse mouth with water. Drink one to two glasses of water. DO NOT induce vomiting. Get medical attention immediately.

**Most important symptoms and effects** Difficulty in breathing. Coughing.

**Personal protection for first-aid responders** Not available.

**Notes to physician** Not available.

## 5. Fire-fighting measures

**Extinguishing media** ABC powder, foam and water. Alcohol resistant foam.

**Extinguishing media to avoid** Do not use water jet.

**Specific hazards** Like most organic material in powder form, toner can form explosive dust-air mixtures when finely dispersed in air.

**Special fire fighting procedures** If fire occurs in the printer, treat as an electrical fire.

**Protection of fire-fighters** Wear self-contained breathing apparatus and protective clothing. Wear full set of protective equipment including chemical goggles and gloves.

**Specific methods** None established.

## 6. Accidental release measures

**Personal precautions** Avoid inhalation of dust. Wash thoroughly after dealing with a spillage. See Section 8 of the SDS for Personal Protective Equipment. Ensure adequate ventilation. Remove victim immediately from source of exposure. Emergency personnel should wear self-contained breathing apparatus.

**Environmental precautions** Avoid spreading dust or contaminated materials. Avoid discharge into drains, water courses or onto the ground.

**Spill clean-up methods** Slowly vacuum or sweep the material into a bag or other sealed container. Clean remainder with a damp cloth or vacuum cleaner. If a vacuum is used, the motor must be rated as dust explosion-proof. Fine powder can form explosive dust-air mixtures. Dispose of in compliance with federal, state, and local regulations.

## 7. Handling and storage

### Handling

**Precautions** Not available.

**Safe handling advice** Keep out of the reach of children. Avoid inhalation of dust and contact with skin and eyes. Use with adequate ventilation. Wash thoroughly after handling. Keep away from excessive heat, sparks, and open flames.

### Storage

**Technical measures** Keep out of the reach of children. Keep tightly closed and dry. Store at room temperature. Store away from strong oxidizers.

**Suitable storage conditions** Not available.
