1. Product and Company Identification

Material name: CN900Series

Version #: 03

Issue date: 01-Mar-2013

Revision date: 10-Dec-2013

Product use: Inkjet printing

Synonym(s): HP XP210 Light Reddish Magenta Scitex Ink

Company identification: Hewlett-Packard Company

2. Hazards Identification

Potential health effects

- Eyes: Irritating to eyes.
- Skin: May cause sensitization by skin contact. Irritating to skin. Prolonged or repeated contact can result in defatting and drying of the skin which may result in skin irritation and dermatitis (rash).
- Inhalation: Irritating to respiratory system. Inhalation may cause drowsiness or dizziness.
- Ingestion: May be harmful if swallowed.

Other hazards: Diphenyl (2,4,6-trimethylbenzoyl) phosphineoxide - In animal testing, risk of impaired fertility was shown only after repeated ingestion of very high doses of this substance.

4. First Aid Measures

General advice: No information
First aid procedures

Eye contact
Do not rub eyes. Remove contact lenses, if present and easy to do. Immediately flush with large amounts of clean, warm water (low pressure) for at least 15 minutes or until particles are removed. If irritation persists get medical attention.

Skin contact
Remove contaminated clothing. Wash affected area with mild soap and water. Do not use solvents to remove product residues from skin. If irritation persists get medical attention.

Inhalation
Move to fresh air. Keep victim warm. If symptoms persist, get medical attention.

Ingestion
If the material is swallowed, get immediate medical attention or advice -- Do not induce vomiting.

5. Fire Fighting Measures

Flammable properties
None known.

Extinguishing media
Suitable extinguishing media
Dry chemical, foam, carbon dioxide, water fog.

Unsuitable extinguishing media
Do not use water jet.

Protection of firefighters
Specific hazards arising from the chemical
Fire will produce dense black smoke containing hazardous combustion products (see section 10).

Protective equipment and precautions for firefighters
Avoid runoff into storm sewers and ditches which lead to waterways.

Fire fighting equipment/instructions
Not available.

6. Accidental Release Measures

Personal precautions
Remove all sources of ignition. Ensure adequate ventilation. Avoid inhalation of vapors or mists. Wear appropriate personal protective equipment.

Environmental precautions
Do not let product enter drains. Do not flush into surface water or sanitary sewer system.

Methods for cleaning up
Clean with detergents. Avoid solvents.

Other information
Soak up with inert absorbent material. Slowly vacuum or sweep the material into a bag or other sealed container.

7. Handling and Storage

Handling
Vapors are heavier than air and may spread along floors. Vapors may form explosive mixtures with air. Prevent the creation of flammable or explosive concentrations of vapor in air and avoid vapor concentration higher than the occupational exposure limits.

The product should only be used in areas from which all naked lights and other sources of ignition have been excluded. Electrical equipment should be protected to the appropriate standard.

Take precautionary measures against static discharges. Ground and bond containers when transferring material. Wear shoes with conductive soles.

Keep container closed. Keep away from heat, sparks and open flame - No smoking. Use non-sparking tools when opening or closing containers.

Avoid contact with skin, eyes and clothing. Do not breathe gas/fumes/vapor/spray. Avoid breathing dusts from this material.

Do not use pressure to empty drums.

Wash hands before eating.

Do not empty into drains.
Storage

Keep at temperatures between 5 and 35°C.

Store in accordance with local/regional/national/international regulation.

Keep in cool, well-ventilated place away from ignition sources, oxidizing agents, strong alkalis, and strong acids.

Store in a closed container away from incompatible materials. Store in upright position only. Store in a place accessible by authorized persons only.

Exposure guidelines

None established.

Engineering controls

Use in a well ventilated area. Additional area ventilation or local exhaust may be required to maintain air concentrations below recommended exposure limits.

Personal protective equipment

Eye / face protection

Wear safety glasses; chemical goggles (if splashing is possible).

Skin protection

Use personal protective equipment to minimize exposure to skin and eye. Use impervious gloves.

Respiratory protection

A NIOSH- approved air purifying respirator with an organic vapor cartridge or canister may be permissible under certain circumstances where airborne concentrations are expected to exceed exposure limits. Use a positive-pressure air-supplied respirator if there is any potential for an uncontrolled release, exposure levels are not known, or any other circumstances where air-purifying respirators may not provide adequate protection.

General hygiene considerations

Handle in accordance with good industrial hygiene and safety practice. Launder contaminated clothing before reuse. Keep away from food and drink.

9. Physical & Chemical Properties

Appearance

Liquid.

Physical state

Liquid.
10. Chemical Stability & Reactivity Information

**Chemical stability**
Stable under recommended storage conditions.

**Conditions to avoid**
No information available

**Incompatible materials**
Strong acids, alkalies and oxidizing agents. Strong acids and strong alkalis, oxidizing agents

**Hazardous decomposition products**
Nitrogen oxides (NOx), smoke, Carbon monoxide and carbon dioxide.

13. **Disposal Considerations**

**Disposal instructions**
Do not dispose of together with general office waste.
Do not allow this material to drain into sewers/water supplies.
Dispose of waste material according to Local, State, Federal, and Provincial Environmental Regulations.
Ensure collection and disposal with an appropriately licensed waste contractor.

14. **Transport Information**

**Further information**
Not a dangerous good under DOT, IATA, ADR, IMDG, or RID.

15. **Regulatory Information**

**US federal regulations**
All ingredients are listed or exempt

- **Drug Enforcement Administration (DEA). List 2, Essential Chemicals (21 CFR 1310.02(b) and 1310.04(f)(2) and Chemical Code Number**
  - Not listed.

- **Drug Enforcement Administration (DEA). List 1 & 2 Exempt Chemical Mixtures (21 CFR 1310.12(c)**
  - Not regulated.
