4. First-aid measures

Inhalation  Move person to fresh air immediately. If irritation persists, consult a physician.

Skin contact  Wash affected areas thoroughly with mild soap and water. Get medical attention if irritation develops or persists.

Eye contact  Do not rub eyes. Immediately flush with large amounts of clean, warm water (low pressure) for at least 15 minutes or until particles are removed. If irritation persists, consult a physician.

Ingestion  Rinse mouth out with water. Drink one to two glasses of water. If symptoms occur, consult a physician.

Most important symptoms/effects, acute and delayed  Not available.

5. Fire-fighting measures

Suitable extinguishing media  CO2, water, or dry chemical

Unsuitable extinguishing media  None known.

Specific hazards arising from the chemical  Like most organic material in powder form, toner can form explosive dust-air mixtures when finely dispersed in air.

Special protective equipment and precautions for firefighters  Not available.

Fire fighting equipment/instructions  If fire occurs in the printer, treat as an electrical fire.

Specific methods  None established.

6. Accidental release measures

Personal precautions, protective equipment and emergency procedures  Minimize dust generation and accumulation.

Methods and materials for containment and cleaning up  Slowly vacuum or sweep the material into a bag or other sealed container. Clean remainder with a damp cloth or vacuum cleaner. If a vacuum is used, the motor must be rated as dust explosion-proof. Fine powder can form explosive dust-air mixtures. Dispose of in compliance with federal, state, and local regulations.

Environmental precautions  Do not flush into surface water or sanitary sewer system. See also section 13 Disposal considerations.

7. Handling and storage

Precautions for safe handling  Keep out of the reach of children. Avoid inhalation of dust and contact with skin and eyes. Use with adequate ventilation. Keep away from excessive heat, sparks, and open flames.

Conditions for safe storage, including any incompatibilities  Keep out of the reach of children. Keep tightly closed and dry. Store at room temperature. Store away from strong oxidizers.

8. Exposure controls/personal protection

Occupational exposure limits  This mixture has no ingredients that have PEL, TLV, or other recommended exposure limit.
