Emergency overview
Contact with skin and eyes may result in irritation. Contact with skin and eyes may result in irritation.

Acute health effects
Any potential hazards are presumed to be due to exposure to the components.

- **Skin contact**
  2-pyrrolidone
  Contact with skin may result in irritation.

- **Eye contact**
  2-pyrrolidone
  Contact with eyes may result in irritation.

- **Inhalation**
  2-pyrrolidone
  Inhalation may result in respiratory irritation.

- **Ingestion**
  2-pyrrolidone
  Ingestion may result in nausea, vomiting and diarrhea.

Potential health effects
Potential routes of overexposure to this product are skin and eye contact

Routes of exposure
Inhalation of vapor and ingestion are not expected to be significant routes of exposure for this product under normal use conditions.

Complete toxicity data are not available for this specific formulation

Chronic health effects
Carbon Black: Chronic inhalation studies performed with fine dust particles resulted in lung tumors in animals. The IARC classification was based upon these results. IARC also concluded "there is inadequate evidence in humans for the carcinogenicity of carbon black." Inhalation of fine dust particles is not expected to occur during normal conditions of use of this ink.

Carcinogenicity
Carbon black is classified by the IARC as a Group 2B carcinogen (the substance is possibly carcinogenic to humans). Carbon black in this preparation, due to its bound form, does not present this carcinogenic risk.

None of the other ingredients in this preparation are classified as carcinogens according to ACGIH, EU, IARC, MAK, NTP or OSHA.

4. First Aid Measures
First aid procedures
Eye contact
Do not rub eyes. Immediately flush with large amounts of clean, warm water (low pressure) for at least 15 minutes or until particles are removed. If irritation persists get medical attention.
Skin contact
Wash affected areas thoroughly with mild soap and water. Get medical attention if irritation develops or persists.
Inhalation
Remove to fresh air. If symptoms persist, get medical attention.
Ingestion
If ingestion of a large amount does occur, seek medical attention.
