#### Ingestion
If ingestion of a large amount does occur, seek medical attention.

#### Most important symptoms/effects, acute and delayed
Contact with skin and eyes may result in irritation.

### 5. Fire-fighting measures

#### Notes
No ignition, sustained combustion or flashing detected using the Sustained Combustibility Test (method in US 49CFR173, Appendix H).

#### Suitable extinguishing media
CO2, water, dry chemical, or foam

#### Unsuitable extinguishing media
None known.

#### Specific hazards arising from the chemical
Not applicable.

#### Special protective equipment and precautions for firefighters
None established.

#### Specific methods
None established.

Contact with skin and eyes may result in irritation.

### 6. Accidental release measures

#### Personal precautions, protective equipment and emergency procedures
Wear appropriate personal protective equipment.
Methods and materials for containment and cleaning up
Dike the spilled material, where this is possible. Absorb with inert absorbent such as dry clay, sand or diatomaceous earth, commercial sorbents, or recover using pumps. Slowly vacuum or sweep the material into a bag or other sealed container.
Dispose of in compliance with federal, state, and local regulations.

Environmental precautions
Do not let product enter drains. Do not flush into surface water or sanitary sewer system.
