All-In-One Personal Printing
16399 West Bernardo Drive
San Diego, Ca 92127-1899

product description

Models: HP PSC 1500 Series (Q5888A,Q5889A)
PSC 1510(Q5880A,B, Q5886C), PSC 1513(Q5880C), PSC 1508(Q5880D),
PSC 1510xi(Q5881A), PSC 1510V(Q5882A),PSC 1507(Q5883A,B),
PSC 1503(Q5883C), PSC 1504(Q5884B), PSC 1514(Q5885B)

Regulatory Model Number: SDGOB-0502

Weight: 5.08 kg (11.19 pounds)
Height: 16.2 cm (6.38 inches)
Width: 43.4 cm (17.09 inches)
Depth: 29.0 cm (11.42 inches)
(Measurements provided are for a non-packaged product, trays folded)

environmental certifications

This product conforms to the following voluntary environmental program criteria:

- ENERGY STAR®

other features

HP has designed this product with the following additional features to help the user conserve resources:

- Print, Copy and Scan in one product
- Draft Quality Printing Option—saves toner/ink and paper
- This product is suited for the use of recycled paper according to DIN 19309
- Photo/Imaging

warranty, service & options

Standard Warranty: 1 year
Extended Warranty: Extended warranty service available defined by region.
Spare Parts Available: Variable, defined by region.
Service Available: 3 years after end of production. At the end of that time
The product is supported on a "best effort" basis.

Operational data

Operational Mode: Up to 20 pages-per-minute in fast draft mode. Actual speed will vary with operating mode and print content.

Energy Consumption:

Operation:	14.6 W (Normal Mode)
Sleep:	9.9 W (Per U.S. EPA ENERGY STAR® Test Guidelines, if applicable for this product)
Idle/Ready/Standby:	9.9 W
Off:	7.4 W

Acoustical Noise: (declared sound power (L_{wAd}) per ISO 7779/ISO 9296)

Operation:	6.7 bels in fast mode. All other modes 5.9 bels or lower.
Idle/Ready/Sleep:	3.3 bels (inaudible)

product safety information

For chemical information about related HP printer supplies, please refer to Material Safety Data Sheets for these products at:

<http://www.hp.com/hpinfo/globalcitizenship/environment/productdata/index.html>

product restricted materials

The information in this section refers to materials restricted by regulation or law and applies to parts, components and products sold by HP. This product does not contain:

- Asbestos
- Cadmium as a stabilizer, coloring agent or surface coating treatment.
- Lead carbonates or sulfates are not contained in any paint applied.
- Mercury
- Chlorofluorocarbons (CFCs), halons, HCFCs, HBFCs, 1,1,1 trichloroethane, carbon tetrachloride or methyl bromide.
- Chlorinated or brominated dioxins or furans are not present at a concentration that is currently prohibited by law.
- Polychlorinated biphenyls (PCB) or polychlorinated terphenyls (PCT).

For additional product material information about this product, see "additional product materials" below. For product material information for associated batteries and packaging, see "batteries" and "packaging", below.

additional product materials

- Plastic parts do not contain polybrominated biphenyls (PBBs) or polybrominated biphenyl ethers (PBBEs) (also known as polybrominated biphenyl oxides (PBBOs)).
- Halogenated flame-retardants are not used in the housing plastics.

batteries

- This product contains no battery.

Packaging

- Packaging materials do not contain lead, mercury, cadmium or hexavalent chromium as an intentionally added element. The sum concentration of incidental lead, mercury, cadmium and hexavalent chromium in the packaging for this product is less than 100mg/kg.
- No chlorofluorocarbons (CFCs), halons, HCFCs, HBFCs, 1,1,1 trichloroethane, carbon tetrachloride or methyl bromide are used in plastic foam packaging materials.
- Plastic packaging materials are marked according to ISO 11469 and DIN 6120 standards.

External:

Corrugated Paper¹ Weight: 570.8 g (1.23 pounds)

Internal:

Polystyrene-Foam Weight: 21.3g (0.05 pounds)

Polyethylene-Bag(s) Weight: 22.7 g (0.05 pounds)

HP designs packaging to be recyclable where practical. The recyclability of the packaging depends

on the availability of municipal recycling programs for the packaging used.

- To ensure compliance with local packaging take-back requirements, in the following European countries, HP is a member of a packaging recovery scheme. Some countries are operating a "Green Dot" system as indicated.

Countries with Green Dot systems

- Austria (ARA)
- Belgium (Fostplus: consumer products) (Val-I-Pac: professional products)
- France (Eco-Emballages)
- Germany (DSD)
- Ireland (Repak)
- Portugal (Punto Verde SA)
- Spain (Ecoembes)
- Sweden (Repa Registret)

Countries with no Green Dot system

- Finland (PYR Ltd)
- Italy (Conai)
- Norway (Materialretur)
- Switzerland (SWICO)
- UK (Valpak)

- Some larger HP offices also accept HP product packaging* from customers in countries or areas without local packaging recovery schemes. Contact your local HP sales office for more information.

*This does not include packaging that is contaminated or contains dangerous substances, which should be disposed of in accordance with local regulations.

End-of-life management/ recyclability

Hewlett-Packard offers end-of-life HP product return programs in certain geographic areas.

To determine if a program is available for this HP product in your area, please refer to our recycling Web site at: <http://www.hp.com/hpinfo/globalcitizenship/environment/recycle/index.html> or contact your nearest HP sales office. Products returned to HP will be recycled, recovered or disposed of in a responsible manner

This HP product is designed to enhance end-of-life disposal options by:

- Marking plastic parts weighing more than 25g according to ISO 11469 international standards
- Eliminating glues and adhesives from product construction where technically feasible
- Using common fasteners
- Including snap-in features

This HP product contains the following materials that may require special handling at end-of-life:

- Mercury in the fluorescent lamp in the scanner
- Lead in solder

For recycling information, you can contact:

www.hp.com/hpinfo/globalcitizenship/environment/recycle/index.html or contact your local authorities or the Electronics Industries Alliance: www.eiae.org (If any of the above materials requiring special handling is included in the data sheet then this sentence must also be included.)

company information

- Environmental Policy

Hewlett-Packard Company established an environmental policy in 1992 with the goals of

...and products and services that are environmentally sound throughout their lifecycle and

providing products and services that are environmentally sound throughout their lifecycles and conducting its operations worldwide in an environmentally responsible manner. HP has strengthened that commitment with the intent to be the recognized leader in inventing environmentally sustainable solutions for the common good.

- ISO 14001

In June 2000 HP achieved ISO 14001 certification—the international standard for environmental management systems—of its worldwide manufacturing operations. Issued by the independent registration firm, Bureau Veritas Quality International (BVQI), this global certification is your assurance that HP's policies, procedures and organization for managing the environmental aspects of our operations meet the voluntary requirements of ISO 14001.

- Ozone-Depleting Substances

Hewlett-Packard has eliminated all manufacturing process uses of chlorofluorocarbons (CFCs), HBFCs, halons, 1,1,1 trichloroethane (TCA), carbon tetrachloride and methyl bromide, and we require suppliers to avoid using these chemicals in their manufacturing processes.
