

SAFETY DATA SHEET

1. Product and Company Identification

Product identifier CN895Series
Issue date 06-Sep-2013
Revision date 13-Aug-2016
Version # 03
Product use Inkjet printing
Synonym(s) HP XP210 Yellow Scitex ink
Company identification HP Canada Co.
5150 Spectrum Way, Floor 6
Mississauga, Ontario, Canada L4W 5G1
Telephone 1-905-206-4725
or 1-888-447-4636

HP Inc. health effects line
(Toll-free within the US) 1-800-457-4209
(Direct) 1-760-710-0048
HP Inc. Customer Care Line
(Toll-free within the US) 1-800-474-6836
(Direct) 1-208-323-2551
Email: hpcustomer.inquiries@hp.com

2. Hazards Identification

Physical hazards Not classified.
Health hazards Reproductive toxicity (fertility) Category 2
Environmental hazards Hazardous to the aquatic environment, acute hazard Category 3
Hazardous to the aquatic environment, long-term hazard Category 3
OSHA defined hazards Not classified.
Label elements
Hazard symbol None.
Signal word None.
Hazard statement Not available.
Precautionary statement
Prevention Not available.
Response Not available.
Storage Not available.
Disposal Not available.
Other hazards Diphenyl (2,4,6-trimethylbenzoyl) phosphineoxide - In animal testing, risk of impaired fertility was shown only after repeated ingestion of very high doses of this substance.

3. Composition / Information on Ingredients

Hazardous components	CAS #	Percent
Carboxylic Acids, Esters	Proprietary	10 - 25
Vinylcaprolactam	Proprietary	10 - 25
Alkyl Acrylate Ester	Proprietary	2.5 - 5
Diphenyl (2,4,6-trimethylbenzoyl) phosphine	Proprietary	2.5 - 5
2-benzyl-2-dimethylamino-4'-morpholinobutyrophenone	119313-12-1	< 1
Non-hazardous components	CAS #	Percent
multifunctional acrylate	Proprietary	25 - 40

4. First Aid Measures

First aid procedures

Eye contact	Do not rub eyes. Remove contact lenses, if present and easy to do. Immediately flush with large amounts of clean, warm water (low pressure) for at least 15 minutes or until particles are removed. If irritation persists get medical attention.
Skin contact	Remove contaminated clothing. Wash affected area with mild soap and water. Do not use solvents to remove product residues from skin. If irritation persists get medical attention.
Inhalation	Move to fresh air. Keep victim warm. If symptoms persist, get medical attention.
Ingestion	If the material is swallowed, get immediate medical attention or advice -- Do not induce vomiting.

5. Fire Fighting Measures

Flash point	Not available.
Flammable properties	None known.
Extinguishing media	
Suitable extinguishing media	Dry chemical, foam, carbon dioxide, water fog.
Unsuitable extinguishing media	Do not use water jet.
Protection of firefighters	
Specific hazards arising from the chemical	Fire will produce dense black smoke containing hazardous combustion products (see section 10).
Protective equipment for firefighters	Avoid runoff into storm sewers and ditches which lead to waterways.
Fire fighting equipment/instructions	Not available.
Explosion data	
Sensitivity to static discharge	Not available.
Sensitivity to mechanical impact	Not available.
Hazardous combustion products	Not available.

6. Accidental Release Measures

Personal precautions	Remove all sources of ignition. Ensure adequate ventilation. Avoid inhalation of vapors or mists. Wear appropriate personal protective equipment.
Environmental precautions	Do not let product enter drains. Do not flush into surface water or sanitary sewer system.
Methods for cleaning up	Clean with detergents. Avoid solvents.
Other information	Soak up with inert absorbent material. Slowly vacuum or sweep the material into a bag or other sealed container.

7. Handling and Storage

Handling	<p>Vapors are heavier than air and may spread along floors. Vapors may form explosive mixtures with air. Prevent the creation of flammable or explosive concentrations of vapor in air and avoid vapor concentration higher than the occupational exposure limits.</p> <p>The product should only be used in areas from which all naked lights and other sources of ignition have been excluded. Electrical equipment should be protected to the appropriate standard.</p> <p>Take precautionary measures against static discharges. Ground and bond containers when transferring material. Wear shoes with conductive soles.</p> <p>Keep container closed. Keep away from heat, sparks and open flame - No smoking. Use non-sparking tools when opening or closing containers.</p> <p>Avoid contact with skin, eyes and clothing. Do not breathe gas/fumes/vapor/spray. Avoid breathing dusts from this material.</p> <p>Do not use pressure to empty drums.</p> <p>Wash hands before eating.</p> <p>Do not empty into drains.</p>
-----------------	---

Storage	Keep at temperatures between 5 and 35°C.
	Store in accordance with local/regional/national/international regulation.
	Keep in cool, well-ventilated place away from ignition sources, oxidizing agents, strong alkalis, and strong acids.
	Store in a closed container away from incompatible materials. Store in upright position only. Store in a place accessible by authorized persons only.

8. Exposure Controls / Personal Protection

Occupational exposure limits	No exposure limits noted for ingredient(s).
Biological limit values	No biological exposure limits noted for the ingredient(s).
Exposure guidelines	None established.
Engineering controls	Use in a well ventilated area. Additional area ventilation or local exhaust may be required to maintain air concentrations below recommended exposure limits.
Personal protective equipment	
Eye/face protection	Wear safety glasses; chemical goggles (if splashing is possible).
Skin protection	Use personal protective equipment to minimize exposure to skin and eye. Use impervious gloves.
Respiratory protection	A NIOSH- approved air purifying respirator with an organic vapor cartridge or canister may be permissible under certain circumstances where airborne concentrations are expected to exceed exposure limits. Use a positive-pressure air-supplied respirator if there is any potential for an uncontrolled release, exposure levels are not known, or any other circumstances where air-purifying respirators may not provide adequate protection.
Hand protection	Wear appropriate chemical resistant gloves.

9. Physical & Chemical Properties

Appearance	
Physical state	Liquid.
Color	Yellow
Odor	Not available.
Odor threshold	Not available.
pH	Not applicable.
Vapor pressure	Not determined.
Boiling point	Not determined.
Melting point/Freezing point	Not determined.
Solubility (water)	Not available.
Specific gravity	Not available.
Flash point	Not available.
Flammability limits in air, upper, % by volume	Not available.
Flammability limits in air, lower, % by volume	Not available.
Auto-ignition temperature	Not available.
VOC	< 95 g/L
Evaporation rate	Not determined.
Partition coefficient (n-octanol/water)	Not available.

10. Chemical Stability & Reactivity Information

Chemical stability	Stable under recommended storage conditions.
Conditions to avoid	Not available.
Incompatible materials	Strong acids, alkalis and oxidizing agents. Strong acids and strong alkalis. oxidizing agents
Hazardous decomposition products	Nitrogen oxides (NOx),, smoke, Carbon monoxide and carbon dioxide.
Possibility of hazardous reactions	Not available.

11. Toxicological Information

Toxicological information	Complete toxicity data are not available for this specific formulation
Acute effects	Not available.
Skin irritation and corrosion	Not available.
Serious eye damage/eye irritation	Not available.
Respiratory or skin sensitization	
Skin sensitization	Not available.
Respiratory sensitization	Not available.
Carcinogenicity	Not available.
Germ cell mutagenicity	Not available.
Reproductive toxicity	Not available.
Specific target organ toxicity - single exposure	Not available.
Specific target organ toxicity - repeated exposure	Not available.
Aspiration hazard	Not available.
Further information	Complete toxicity data are not available for this specific formulation
Toxicological data	No data available.

12. Ecological Information

Environmental effects	Not available.
Aquatic toxicity	Harmful to aquatic organisms, may cause long-term adverse effects in the aquatic environment.
Persistence and degradability	Not available.
Ecotoxicological data	No ecotoxicity data noted for the ingredient(s).

13. Disposal Considerations

Disposal instructions	Do not dispose of together with general office waste. Do not allow this material to drain into sewers/water supplies. Dispose of waste material according to Local, State, Federal, and Provincial Environmental Regulations. Ensure collection and disposal with an appropriately licensed waste contractor.
------------------------------	--

14. Transport Information

Further information	Not a dangerous good under DOT, IATA, ADR, IMDG, or RID.
----------------------------	--

15. Regulatory Information

Other regulations	Notified according to EU Regulations.
--------------------------	---------------------------------------

16. Other Information

HMIS® ratings	Health: 2* Flammability: 1 Physical hazard: 2
NFPA ratings	Health: 2 Flammability: 1 Instability: 2
Disclaimer	This Safety Data Sheet document is provided without charge to customers of HP. Data is the most current known to HP at the time of preparation of this document and is believed to be accurate. It should not be construed as guaranteeing specific properties of the products as described or suitability for a particular application. This document was prepared to the requirements of the jurisdiction specified in Section 1 above and may not meet regulatory requirements in other countries.
