# SAFETY DATA SHEET

## 1. Identification

|  |   |  |
|--|---|--|
| <b>Important information</b>                                     | *** This Safety Data Sheet is only authorised for use by HP for HP Original products. Any unauthorised use of this Safety Data Sheet is strictly prohibited and may result in legal action being taken by HP. *** |  |
| <b>Name of the substance or mixture (trade name)</b>             | CN702Series[Y][2]   |  |
| <b>Issue date</b>  | 03-Sep-2016   |  |
| <b>Revision date</b>   | 25-Apr-2020   |  |
| <b>Version #</b>   | 07  |  |
| <b>Major recommended uses for the substance or mixture</b>       | Inkjet printing. For use only in inkjet printing  |  |
| <b>Specific restrictions for use of the substance or mixture</b> | Not available.  |  |
| <b>Company identification</b>                                    | HP-PPS Ecuador Cia. Ltda,<br>Avenida 12 de Octubre N24-739 y Avenida Cristóbal Colón, Edificio Boreal, Torre A, Piso 11, Oficinas 1101 y 1102,<br>Quito, Pichincha, 170517, Ecuador                               |  |

## 2. Hazards identification

### Classification of the substance or mixture

|                              |   |             |
|------------------------------|---|-------------|
| <b>Physical hazards</b>      | Not classified.                                     |             |
| <b>Health hazards</b>        | Reproductive toxicity (fertility, the unborn child) | Category 1B |
| <b>Environmental hazards</b> | Not classified.                                     |             |

### GHS labeling elements, including precautionary statements

#### Hazard symbol(s)

|                                   |   |  |
|-----------------------------------|---|--|
| <b>Signal word</b>                | Danger                                    |  |
| <b>Hazard statement(s)</b>        | May damage fertility or the unborn child. |  |
| <b>Precautionary statement(s)</b> |   |  |

|                   |  |
|-------------------|--|
| <b>Prevention</b> | Wear protective gloves/protective clothing/eye protection. Do not handle until all safety precautions have been read and understood. Obtain special instructions before use. |
| <b>Response</b>   | IF exposed or concerned: Get medical advice/attention.   |
| <b>Storage</b>    | Store locked up.   |
| <b>Disposal</b>   | Dispose of contents/container in accordance with local/regional/national/international regulations.  |

#### Other hazards which do not result in classification

Complete toxicity data are not available for this specific formulation.  
Potential routes of overexposure to this product are skin and eye contact. Inhalation of vapor and ingestion are not expected to be significant routes of exposure for this product under normal use conditions.

**Supplemental information**

2-pyrrolidone: Specific Concentration Limits, Reproductive toxicity Category 1B, fertility or the unborn child 3%. Mixture classification threshold based on data related to developmental toxicity in animals. No adverse effects on sexual function or damage to fertility have been observed in an animal study. See Section 11.

**3. Composition/information on ingredients**

| Substance or mixture                   | Mixture | CAS number  | Concentration or concentration range |
|--|---------|-------------|--------------------------------------|
| Common chemical name or technical name |         |             |                                      |
| Water                                  |         | 7732-18-5   | 60-70                                |
| 2-pyrrolidone                          |         | 616-45-5    | <20                                  |
| Substituted diol                       |         | Proprietary | <10                                  |
| Yellow pigment                         |         | Proprietary | <5                                   |

**Composition comments** This ink supply contains an aqueous ink formulation.

2-pyrrolidone: Specific Concentration Limit 3%. Mixture classification threshold based on data related to developmental toxicity in animals. No adverse effects on sexual function or damage to fertility have been observed in an animal study. See Section 11.

**4. First-aid measures****First-aid measures**

|                     |   |
|---------------------|---|
| <b>Inhalation</b>   | Remove to fresh air. If symptoms persist, get medical attention.  |
| <b>Skin contact</b> | Wash affected areas thoroughly with mild soap and water. Get medical attention if irritation develops or persists.  |
| <b>Eye contact</b>  | Do not rub eyes. Immediately flush with large amounts of clean, warm water (low pressure) for at least 15 minutes or until particles are removed. If irritation persists get medical attention. |
| <b>Ingestion</b>    | If ingestion of a large amount does occur, seek medical attention.  |

**Most important symptoms/effects, acute and delayed** Not available.

**Notes to physician** Not available.

**5. Fire-fighting measures****Means of fire extinguishing**

|                                       |   |
|---------------------------------------|---|
| <b>Suitable extinguishing media</b>   | Dry chemical, CO2, water spray or regular foam. |
| <b>Unsuitable extinguishing media</b> | None known.                                     |

**Specific hazards arising from the chemical** Not available.

**Protective measures taken by firefighting crews** Not available.

**Specific methods** None established.

**6. Control measures for spills and leaks****Personal precautions, protective equipment and emergency procedures**

|  |   |
|--|---|
| <b>To be taken by those who are not involved in rendering emergency services</b> | Wear appropriate personal protective equipment. |
| <b>To be taken by those who are involved in rendering emergency services</b>     | Not available.                                  |

**Environmental precautions** Do not let product enter drains. Do not flush into surface water or sanitary sewer system.

**Methods and materials for containment and cleaning up** Dike the spilled material, where this is possible. Absorb with inert absorbent such as dry clay, sand or diatomaceous earth, commercial sorbents, or recover using pumps.

**Other issues relating to spills and releases** Soak up with inert absorbent material. Slowly vacuum or sweep the material into a bag or other sealed container. Dispose of in compliance with federal, state, and local regulations. See also section 13 Disposal considerations.

---

## 7. Handling and storage

|   |   |
|---|---|
| <b>Precautions for safe handling</b>                                | Avoid contact with skin, eyes and clothing.                               |
| <b>Conditions for safe storage, including any incompatibilities</b> | Keep out of the reach of children. Keep away from excessive heat or cold. |

---

## 8. Exposure controls/personal protection

|   |   |
|---|---|
| <b>Control parameters</b>               |   |
| <b>Occupational exposure limits</b>     | No exposure limits noted for ingredient(s).                             |
| <b>Biological limit values</b>          | No biological exposure limits noted for the ingredient(s).              |
| <b>Exposure guidelines</b>              | Exposure limits have not been established for this product.             |
| <b>Appropriate engineering controls</b> | Not available.  |
| <b>Personal protective measures</b>     |   |
| <b>Eyes and face protection</b>         | Not available.  |
| <b>Skin protection</b>                  |   |
| <b>Hand protection</b>                  | Not available.  |
| <b>Other</b>                            | Use personal protective equipment to minimize exposure to skin and eye. |
| <b>Respiratory protection</b>           | Not available.  |
| <b>Thermal hazards</b>                  | Not available.  |
| <b>Hygiene measures</b>                 | Handle in accordance with good industrial hygiene and safety practice.  |

---

## 9. Physical and chemical properties

|  |   |
|--|---|
| <b>Appearance</b>  |   |
| <b>Physical state</b>                                      | Liquid.   |
| <b>Form</b>  | Not available.                                    |
| <b>Color</b>   | Yellow  |
| <b>Odor</b>  | Not available.                                    |
| <b>Odor threshold</b>                                      | Not available.                                    |
| <b>pH</b>  | 9   |
| <b>Melting point/freezing point</b>                        | Not available.                                    |
| <b>Initial boiling point and boiling temperature range</b> | Not available.                                    |
| <b>Flash point</b>   | > 230.0 °F (> 110.0 °C) Pensky-Martens Closed Cup |
| <b>Evaporation rate</b>                                    | Not available.                                    |
| <b>Flammability (solid, gas)</b>                           | Not available.                                    |
| <b>Upper/lower flammability or explosive limits</b>        |   |
| <b>Flammability limit - lower (%)</b>                      | Not available.                                    |
| <b>Flammability limit - upper (%)</b>                      | Not available.                                    |
| <b>Explosive limit - lower (%)</b>                         | Not available.                                    |
| <b>Explosive limit - upper (%)</b>                         | Not available.                                    |
| <b>Vapor pressure</b>                                      | Not available.                                    |
| <b>Solubility(ies)</b>                                     | Not available.                                    |
| <b>Partition coefficient (n-octanol/water)</b>             | Not available.                                    |
| <b>Auto-ignition temperature</b>                           | Not available.                                    |
| <b>Decomposition temperature</b>                           | Not available.                                    |
| <b>Viscosity</b>   | Not available.                                    |
| <b>Other physical and chemical parameters</b>              |   |
| <b>Oxidizing properties</b>                                | Not determined                                    |
| <b>Percent volatile</b>                                    | 16 % estimated                                    |
| <b>Specific gravity</b>                                    | 1.1 k/L   |
| <b>VOC</b>   | 268 g/l (Determined by EPA Method 24)             |

## 10. Stability and reactivity

|   |  |
|---|--|
| <b>Reactivity</b>                         | Not available.   |
| <b>Chemical stability</b>                 | Stable under recommended storage conditions.   |
| <b>Possibility of hazardous reactions</b> | None known.  |
| <b>Conditions to avoid</b>                | Not available.   |
| <b>Incompatible materials</b>             | Incompatible with strong bases and oxidizing agents.   |
| <b>Hazardous decomposition products</b>   | Upon decomposition, this product may yield gaseous nitrogen oxides, carbon monoxide, carbon dioxide and/or low molecular weight hydrocarbons., fluorinated hydrocarbons and hydrogen fluoride. |

## 11. Toxicological information

|   |   |
|---|---|
| <b>Acute toxicity</b>                                     | Based on available data, the classification criteria are not met.   |
| <b>Skin corrosion/irritation</b>                          | Based on available data, the classification criteria are not met.   |
| <b>Serious eye damage/eye irritation</b>                  | Based on available data, the classification criteria are not met.<br>Not classified as an irritant according to, OECD 405.  |
| <b>Respiratory or skin sensitization</b>                  |   |
| <b>Skin sensitization</b>                                 | Based on available data, the classification criteria are not met.   |
| <b>Respiratory sensitization</b>                          | Based on available data, the classification criteria are not met.   |
| <b>Germ cell mutagenicity</b>                             | Based on available data, the classification criteria are not met.<br>Negative, does not indicate mutagenic potential (Ames Test: Salmonella typhimurium)  |
| <b>Carcinogenicity</b>                                    | Based on available data, the classification criteria are not met.   |
| <b>Toxic to reproduction</b>                              | May damage fertility or the unborn child.<br><br>2-pyrrolidone: This component showed developmental effects only at high doses that were toxic to pregnant test animals (OECD Testing Guideline 414: Prenatal Developmental Toxicity Study). Uptake by people of small doses is not expected to cause developmental toxicity. This component has not caused adverse effects on sexual function or damage to fertility in an animal study (OECD Testing Guideline 443: Extended One-Generation Reproductive Toxicity Study). |
| <b>Specific target organ toxicity - single exposure</b>   | Based on available data, the classification criteria are not met.   |
| <b>Specific target organ toxicity - repeated exposure</b> | Based on available data, the classification criteria are not met.   |
| <b>Aspiration hazard</b>                                  | Based on available data, the classification criteria are not met.   |
| <b>Other information</b>                                  | Complete toxicity data are not available for this specific formulation<br>Refer to Section 2 for potential health effects and Section 4 for first aid measures.   |

## 12. Ecological information

|  |                           |   |                      |
|--|---------------------------|---|----------------------|
| <b>Ecotoxicity</b>                                       | No information available. |   |                      |
| <b>Product</b>   | <b>Species</b>            | <b>Test Results</b>                           |                      |
| CN702Series[Y][2]  |                           |   |                      |
| <b>Aquatic</b>   |                           |   |                      |
| <i>Acute</i>   |                           |   |                      |
| Fish   | LC50                      | Fathead minnow ( <i>Pimephales promelas</i> ) | > 750 mg/l, 96 hours |
| <b>Components</b>  | <b>Species</b>            | <b>Test Results</b>                           |                      |
| 2-pyrrolidone (CAS 616-45-5)                             |                           |   |                      |
| <b>Aquatic</b>   |                           |   |                      |
| Crustacea  | EC50                      | Water flea ( <i>Daphnia pulex</i> )           | 13.21 mg/l, 48 hours |
| <b>Persistence and degradability</b>                     | Not available.            |   |                      |
| <b>Bioaccumulative potential</b>                         |                           |   |                      |
| <b>Partition coefficient n-octanol / water (log Kow)</b> |                           |   |                      |
| 2-pyrrolidone  |                           | -0.85   |                      |
| <b>Bioconcentration factor (BCF)</b>                     | Not available.            |   |                      |
| <b>Mobility in soil</b>                                  | Not available.            |   |                      |
| <b>Other adverse effects</b>                             | Not available.            |   |                      |

---

### 13. Considerations on final disposal

#### Recommended methods for final destination

|                                   |   |
|-----------------------------------|---|
| <b>Residual waste</b>             | Not available.  |
| <b>Contaminated packaging</b>     | Not available.  |
| <b>Local disposal regulations</b> | Do not allow this material to drain into sewers/water supplies. Dispose of waste material according to Local, State, Federal, and Provincial Environmental Regulations. |

---

### 14. Transport information

#### International regulations

### 15. Regulatory information

#### Federal regulations

**International regulations**

All chemical substances in this HP product have been notified or are exempt from notification under chemical substances notification laws in the following countries: US (TSCA), EU (EINECS/ELINCS), Switzerland, Canada (DSL/NDSL), Australia, Japan, Philippines, South Korea, New Zealand, and China.

**Montreal Protocol**

Not applicable.

**Stockholm Convention**

Not applicable.

**Rotterdam Convention**

Not applicable.

**Kyoto protocol**

Not applicable.

**Basel Convention**

Not applicable.

---

**16. Other information**

**Significant information, yet not specifically related to the previous sections** Not available.

**Revision information** 1. Product and Company Identification: Alternate Trade Names  
Hazards identification: Supplemental information  
Composition/information on ingredients: Composition comments  
Toxicological information: Toxic to reproduction

**Issue date** 03-Sep-2016

**Disclaimer** This Safety Data Sheet document is provided without charge to customers of HP. Data is the most current known to HP at the time of preparation of this document and is believed to be accurate. It should not be construed as guaranteeing specific properties of the products as described or suitability for a particular application. This document was prepared to the requirements of the jurisdiction specified in Section 1 above and may not meet regulatory requirements in other countries.

This safety data sheet is meant to convey information about HP inks (toners) provided in HP Original ink (toner) supplies. If our Safety Data Sheet has been provided to you with a refilled, remanufactured, compatible or other non-HP Original supply please be aware that the information contained herein was not meant to convey information about such products and there could be considerable differences from information in this document and the safety information for the product you purchased. Please contact the seller of the refilled, remanufactured or compatible supplies for applicable information, including information on personal protective equipment, exposure risks and safe handling guidance. HP does not accept refilled, remanufactured or compatible supplies in our recycling programs.

## 2. Hazards identification

### Classification of the substance or mixture

|                              |   |             |
|------------------------------|---|-------------|
| <b>Physical hazards</b>      | Not classified.                                     |             |
| <b>Health hazards</b>        | Reproductive toxicity (fertility, the unborn child) | Category 1B |
| <b>Environmental hazards</b> | Not classified.                                     |             |

### GHS labeling elements, including precautionary statements

#### Hazard symbol(s)

|                                   |   |  |
|-----------------------------------|---|--|
| <b>Signal word</b>                | Danger                                    |  |
| <b>Hazard statement(s)</b>        | May damage fertility or the unborn child. |  |
| <b>Precautionary statement(s)</b> |   |  |

|                   |  |
|-------------------|--|
| <b>Prevention</b> | Wear protective gloves/protective clothing/eye protection. Do not handle until all safety precautions have been read and understood. Obtain special instructions before use. |
| <b>Response</b>   | IF exposed or concerned: Get medical advice/attention.   |
| <b>Storage</b>    | Store locked up.   |
| <b>Disposal</b>   | Dispose of contents/container in accordance with local/regional/national/international regulations.  |

#### Other hazards which do not result in classification

Carbon black is classified by the IARC as a Group 2B carcinogen (the substance is possibly carcinogenic to humans). Carbon black in this preparation, due to its bound form, does not present this carcinogenic risk. None of the other ingredients in this preparation are classified as carcinogens according to ACGIH, EU, IARC, MAK, NTP or OSHA. Potential routes of overexposure to this product are skin and eye contact. Inhalation of vapor and ingestion are not expected to be significant routes of exposure for this product under normal use conditions. Complete toxicity data are not available for this specific formulation.

**Supplemental information**

2-pyrrolidone: Specific Concentration Limits, Reproductive toxicity Category 1B, fertility or the unborn child 3%. Mixture classification threshold based on data related to developmental toxicity in animals. No adverse effects on sexual function or damage to fertility have been observed in an animal study. See Section 11.

---

**3. Composition/information on ingredients**

| Substance or mixture                   | Mixture | CAS number  | Concentration or concentration range |
|--|---------|-------------|--------------------------------------|
| Common chemical name or technical name |         |             |                                      |
| Water                                  |         | 7732-18-5   | 60-70                                |
| 2-pyrrolidone                          |         | 616-45-5    | <20                                  |
| Substituted diol                       |         | Proprietary | <10                                  |
| Black Pigment                          |         | Proprietary | <2.5                                 |

**Composition comments**

This ink supply contains an aqueous ink formulation.

Carbon black is present only in a bound form in this preparation.

2-pyrrolidone: Specific Concentration Limit 3%. Mixture classification threshold based on data related to developmental toxicity in animals. No adverse effects on sexual function or damage to fertility have been observed in an animal study. See Section 11.

---

**4. First-aid measures****First-aid measures**

|                     |   |
|---------------------|---|
| <b>Inhalation</b>   | Remove to fresh air. If symptoms persist, get medical attention.  |
| <b>Skin contact</b> | Wash affected areas thoroughly with mild soap and water. Get medical attention if irritation develops or persists.  |
| <b>Eye contact</b>  | Do not rub eyes. Immediately flush with large amounts of clean, warm water (low pressure) for at least 15 minutes or until particles are removed. If irritation persists get medical attention. |
| <b>Ingestion</b>    | If ingestion of a large amount does occur, seek medical attention.  |

**Most important symptoms/effects, acute and delayed**

Not available.

**Notes to physician**

Not available.

---

**5. Fire-fighting measures****Means of fire extinguishing**

|                                       |  |
|---------------------------------------|--|
| <b>Suitable extinguishing media</b>   | Dry chemical, CO <sub>2</sub> , water spray or regular foam. |
| <b>Unsuitable extinguishing media</b> | None known.  |

**Specific hazards arising from the chemical** Not available.

**Protective measures taken by firefighting crews** Not available.

**Specific methods** None established.

---

**6. Control measures for spills and leaks****Personal precautions, protective equipment and emergency procedures**

|  |   |
|--|---|
| <b>To be taken by those who are not involved in rendering emergency services</b> | Wear appropriate personal protective equipment. |
| <b>To be taken by those who are involved in rendering emergency services</b>     | Not available.                                  |

**Environmental precautions** Do not let product enter drains. Do not flush into surface water or sanitary sewer system.

**Methods and materials for containment and cleaning up** Dike the spilled material, where this is possible. Absorb with inert absorbent such as dry clay, sand or diatomaceous earth, commercial sorbents, or recover using pumps.

**Other issues relating to spills and releases** Soak up with inert absorbent material. Slowly vacuum or sweep the material into a bag or other sealed container. Dispose of in compliance with federal, state, and local regulations. See also section 13 Disposal considerations.

---

## 7. Handling and storage

|   |   |
|---|---|
| <b>Precautions for safe handling</b>                                | Avoid contact with skin, eyes and clothing.                               |
| <b>Conditions for safe storage, including any incompatibilities</b> | Keep out of the reach of children. Keep away from excessive heat or cold. |

---

## 8. Exposure controls/personal protection

### Control parameters

### Occupational exposure limits

#### US. ACGIH Threshold Limit Values

| Components    | Type | Value   | Form                |
|---------------|------|---------|---------------------|
| Black Pigment | TWA  | 3 mg/m3 | Inhalable fraction. |

#### Ecuador. OELs (INEN 2266:2013, 2013-01 2nd rev.: Transport, storage and handling of hazardous materials. Requirements. 1st ed., 1/29, 2013)

| Components    | Type | Value   | Form                |
|---------------|------|---------|---------------------|
| Black Pigment | TWA  | 3 mg/m3 | Inhalable fraction. |

|   |   |
|---|---|
| <b>Biological limit values</b>          | No biological exposure limits noted for the ingredient(s).              |
| <b>Exposure guidelines</b>              | Exposure limits have not been established for this product.             |
| <b>Appropriate engineering controls</b> | Not available.  |
| <b>Personal protective measures</b>     |   |
| <b>Eyes and face protection</b>         | Not available.  |
| <b>Skin protection</b>                  |   |
| <b>Hand protection</b>                  | Not available.  |
| <b>Other</b>                            | Use personal protective equipment to minimize exposure to skin and eye. |
| <b>Respiratory protection</b>           | Not available.  |
| <b>Thermal hazards</b>                  | Not available.  |
| <b>Hygiene measures</b>                 | Handle in accordance with good industrial hygiene and safety practice.  |

| <b>Marine pollutant</b>             | No             |
| <b>EmS</b>                          | Not available. |
| <b>Special precautions for user</b> | Not available. |

##### ADR

|                                   |                |
|-----------------------------------|----------------|
| <b>UN number</b>                  | Not available. |
| <b>UN proper shipping name</b>    | Not Regulated  |
| <b>Transport hazard class(es)</b> |                |
| <b>Class</b>                      | Not available. |
| <b>Subsidiary risk</b>            | -              |
| <b>Hazard No. (ADR)</b>           | Not available. |
| <b>Tunnel restriction code</b>    | Not available. |
| <b>Packing group</b>              | Not available. |

**Environmental hazards** No  
**Special precautions for user** Not available.

#### ADR

##### Basic shipping requirements:

**Proper shipping name** Not Regulated  
**Marine pollutant** No

**Further information** Not a dangerous good under DOT, IATA, ADR, IMDG, or RID.

Transport in bulk according to Annex II of MARPOL73/78 and the IBC code: Not applicable.

---

## 15. Regulatory information

### Federal regulations

### International regulations

All chemical substances in this HP product have been notified or are exempt from notification under chemical substances notification laws in the following countries: US (TSCA), EU (EINECS/ELINCS), Switzerland, Canada (DSL/NDSL), Australia, Japan, Philippines, South Korea, New Zealand, and China.

#### Montreal Protocol

Not applicable.

#### Stockholm Convention

Not applicable.

#### Rotterdam Convention

Not applicable.

#### Kyoto protocol

Not applicable.

#### Basel Convention

Not applicable.

---

## 16. Other information

**Significant information, yet not specifically related to the previous sections** Not available.

### Revision information

1. Product and Company Identification: Alternate Trade Names  
Hazards identification: Supplemental information  
Composition/information on ingredients: Composition comments  
Toxicological information: Toxic to reproduction

### Issue date

03-Sep-2016

### Revision date

25-Apr-2020

### Disclaimer

This Safety Data Sheet document is provided without charge to customers of HP. Data is the most current known to HP at the time of preparation of this document and is believed to be accurate. It should not be construed as guaranteeing specific properties of the products as described or suitability for a particular application. This document was prepared to the requirements of the jurisdiction specified in Section 1 above and may not meet regulatory requirements in other countries.

This safety data sheet is meant to convey information about HP inks (toners) provided in HP Original ink (toner) supplies. If our Safety Data Sheet has been provided to you with a refilled, remanufactured, compatible or other non-HP Original supply please be aware that the information contained herein was not meant to convey information about such products and there could be considerable differences from information in this document and the safety information for the product you purchased. Please contact the seller of the refilled, remanufactured or compatible supplies for applicable information, including information on personal protective equipment, exposure risks and safe handling guidance. HP does not accept refilled, remanufactured or compatible supplies in our recycling programs.
