

# SAFETY DATA SHEET

## 1. Identification

**Important information** \*\*\* This Safety Data Sheet is only authorised for use by HP for HP Original products. Any unauthorised use of this Safety Data Sheet is strictly prohibited and may result in legal action being taken by HP. \*\*\*

**Product identifier** C4994Series

**Other means of identification** None.

### Recommended use of the chemical and restrictions on use

**Recommended use** Inkjet printing

**Recommended restrictions** None known.

### Manufacturer/Importer/Supplier/Distributor information

HP Computing and Printing Middle East FZ-LLC,  
Dubai Internet City 14 - 3rd Floor (DIC04),  
Dubai  
United Arab Emirates

### HP Inc. health effect line

**(Toll-free within US)** 1-800-457-4209

**(Direct)** 1-760-710-0048

### HP Inc. Customer Care Line

**(Toll-free within the US)** 1-800-474-6836

**(Direct)** 1-208-323-2551

**Email:** hpcustomer.inquiries@hp.com

## 2. Hazards identification

**Physical hazards** Not classified.

**Health hazards** Reproductive toxicity (fertility, the unborn child) Category 1B

**Environmental hazards** Not classified.

### Label elements

**Signal word** Danger

**Hazard statement** May damage fertility or the unborn child.

### Precautionary statement

**Prevention** Wear protective gloves/protective clothing/eye protection. Do not handle until all safety precautions have been read and understood. Obtain special instructions before use.

**Response** IF exposed or concerned: Get medical advice/attention.

**Storage** Store locked up.

**Disposal** Dispose of contents/container in accordance with local/regional/national/international regulations.

**Other hazards which do not result in classification** Complete toxicity data are not available for this specific formulation.

Potential routes of overexposure to this product are skin and eye contact. Inhalation of vapor and ingestion are not expected to be significant routes of exposure for this product under normal use conditions.

### Supplemental information

2-pyrrolidone: Specific Concentration Limits, Reproductive toxicity Category 1B, fertility or the unborn child 3%. Mixture classification threshold based on data related to developmental toxicity in animals. No adverse effects on sexual function or damage to fertility have been observed in an animal study. See Section 11.

---

### 3. Composition/information on ingredients

#### Mixture

#### Hazardous components

| Chemical name                | Common name and synonyms | CAS number | %    |
|------------------------------|--------------------------|------------|------|
| 2-pyrrolidone                |                          | 616-45-5   | <5   |
| 2-methyl-2h-isothiazol-3-one |                          | 2682-20-4  | <0.1 |

#### Non-hazardous components

| Chemical name                      | Common name and synonyms | CAS number  | %     |
|------------------------------------|--------------------------|-------------|-------|
| Water                              |                          | 7732-18-5   | 80-90 |
| Aliphatic diol                     |                          | Proprietary | <10   |
| Substituted phthalocyanine salt #1 |                          | Proprietary | <1    |

**Composition comments** This ink supply contains an aqueous ink formulation.

2-pyrrolidone: Specific Concentration Limit 3%. Mixture classification threshold based on data related to developmental toxicity in animals. No adverse effects on sexual function or damage to fertility have been observed in an animal study. See Section 11.

---

### 4. First-aid measures

|   |   |
|---|---|
| <b>Inhalation</b>   | Remove to fresh air. If symptoms persist, get medical attention.  |
| <b>Skin contact</b>                                       | Wash affected areas thoroughly with mild soap and water. Get medical attention if irritation develops or persists.  |
| <b>Eye contact</b>  | Do not rub eyes. Immediately flush with large amounts of clean, warm water (low pressure) for at least 15 minutes or until particles are removed. If irritation persists get medical attention. |
| <b>Ingestion</b>  | If ingestion of a large amount does occur, seek medical attention.  |
| <b>Most important symptoms/effects, acute and delayed</b> | Not available.  |

---

### 5. Fire-fighting measures

|  |   |
|--|---|
| <b>Suitable extinguishing media</b>                                  | Dry chemical, CO2, water spray or regular foam. |
| <b>Unsuitable extinguishing media</b>                                | None known.                                     |
| <b>Specific hazards arising from the chemical</b>                    | Not applicable.                                 |
| <b>Special protective equipment and precautions for firefighters</b> | Not available.                                  |
| <b>Specific methods</b>  | None established.                               |

---

### 6. Accidental release measures

|  |   |
|--|---|
| <b>Personal precautions, protective equipment and emergency procedures</b> | Wear appropriate personal protective equipment.   |
| <b>Methods and materials for containment and cleaning up</b>               | Dike the spilled material, where this is possible. Absorb with inert absorbent such as dry clay, sand or diatomaceous earth, commercial sorbents, or recover using pumps. |
| <b>Environmental precautions</b>   | Do not let product enter drains. Do not flush into surface water or sanitary sewer system.  |

---

### 7. Handling and storage

|   |   |
|---|---|
| <b>Precautions for safe handling</b>                                | Avoid contact with skin, eyes and clothing.                               |
| <b>Conditions for safe storage, including any incompatibilities</b> | Keep out of the reach of children. Keep away from excessive heat or cold. |

---

### 8. Exposure controls/personal protection

|  |   |
|--|---|
| <b>Occupational exposure limits</b>  | No exposure limits noted for ingredient(s).                     |
| <b>Biological limit values</b>   | No biological exposure limits noted for the ingredient(s).      |
| <b>Exposure guidelines</b>   | Exposure limits have not been established for this product.     |
| <b>Appropriate engineering controls</b>                                      | Use in a well ventilated area.<br>Provide adequate ventilation. |
| <b>Individual protection measures, such as personal protective equipment</b> |   |
| <b>Eye/face protection</b>   | Not required under intended use.                                |

|                                       |   |
|---------------------------------------|---|
| <b>Skin protection</b>                |   |
| <b>Hand protection</b>                | Not available.  |
| <b>Other</b>                          | Use personal protective equipment to minimize exposure to skin and eye.   |
| <b>Respiratory protection</b>         | For use other than intended use (such as in the event of a large spill), goggles and respirators may be required. |
| <b>Thermal hazards</b>                | Not available.  |
| <b>General hygiene considerations</b> | Handle in accordance with good industrial hygiene and safety practice.  |

---

## 9. Physical and chemical properties

### Appearance

|   |  |
|---|--|
| <b>Physical state</b>                               | Liquid.  |
| <b>Form</b>   | Not available.                                   |
| <b>Color</b>  | Light Cyan                                       |
| <b>Odor</b>   | Not available.                                   |
| <b>Odor threshold</b>                               | Not available.                                   |
| <b>pH</b>   | 7 - 8  |
| <b>Melting point/freezing point</b>                 | Not available.                                   |
| <b>Initial boiling point and boiling range</b>      | Not determined                                   |
| <b>Flash point</b>                                  | > 200.0 °F (> 93.3 °C) Pensky-Martens Closed Cup |
| <b>Evaporation rate</b>                             | Not determined                                   |
| <b>Flammability (solid, gas)</b>                    | Not available.                                   |
| <b>Upper/lower flammability or explosive limits</b> |  |
| <b>Flammability limit - lower (%)</b>               | Not determined                                   |
| <b>Flammability limit - upper (%)</b>               | Not available.                                   |
| <b>Explosive limit - lower (%)</b>                  | Not available.                                   |
| <b>Explosive limit - upper (%)</b>                  | Not available.                                   |
| <b>Vapor pressure</b>                               | Not determined                                   |
| <b>Vapor density</b>                                | >= 1 (air = 1.0)                                 |
| <b>Solubility(ies)</b>                              |  |
| <b>Solubility (water)</b>                           | Soluble in water                                 |
| <b>Partition coefficient (n-octanol/water)</b>      | Not available.                                   |
| <b>Auto-ignition temperature</b>                    | Not available.                                   |
| <b>Decomposition temperature</b>                    | Not available.                                   |
| <b>Viscosity</b>                                    | Not available.                                   |
| <b>Other information</b>                            |  |
| <b>Oxidizing properties</b>                         | Not determined                                   |
| <b>VOC</b>  | < 142 g/l  |

---

## 10. Stability and reactivity

|   |   |
|---|---|
| <b>Reactivity</b>                         | Not available.  |
| <b>Chemical stability</b>                 | Stable under recommended storage conditions.  |
| <b>Possibility of hazardous reactions</b> | Will not occur.   |
| <b>Conditions to avoid</b>                | Not available.  |
| <b>Incompatible materials</b>             | Incompatible with strong bases and oxidizing agents.  |
| <b>Hazardous decomposition products</b>   | Upon decomposition, this product may yield gaseous nitrogen oxides, carbon monoxide, carbon dioxide and/or low molecular weight hydrocarbons. |

---

## 11. Toxicological information

### Information on likely routes of exposure

|                     |  |
|---------------------|--|
| <b>Inhalation</b>   | Under normal conditions of intended use, this material is not expected to be an inhalation hazard. |
| <b>Skin contact</b> | Contact with skin may result in mild irritation.   |

|   |   |
|---|---|
| <b>Eye contact</b>  | Contact with eyes may result in mild irritation.            |
| <b>Ingestion</b>  | Health injuries are not known or expected under normal use. |
| <b>Symptoms related to the physical, chemical and toxicological characteristics</b> | Not available.  |

#### Information on toxicological effects

**Acute toxicity** Based on available data, the classification criteria are not met.

| Components                                   | Species | Test Results   |
|--|---------|----------------|
| 2-methyl-2h-isothiazol-3-one (CAS 2682-20-4) |         |                |
| <b>Acute</b>                                 |         |                |
| <b>Dermal</b>                                |         |                |
| LD50   | Rat     | 242 mg/kg      |
| <b>Inhalation</b>                            |         |                |
| LC50   | Rat     | 0.11 mg/l, 4 h |
| <b>Oral</b>                                  |         |                |
| LD50   | Rat     | 120 mg/kg      |
| 2-pyrrolidone (CAS 616-45-5)                 |         |                |
| <b>Acute</b>                                 |         |                |
| <b>Oral</b>                                  |         |                |
| LD50   | Rat     | > 5000 mg/kg   |

**Skin corrosion/irritation** Based on available data, the classification criteria are not met.

**Serious eye damage/eye irritation** Based on available data, the classification criteria are not met.

#### Respiratory or skin sensitization

**Respiratory sensitization** Based on available data, the classification criteria are not met.

**Skin sensitization** Based on available data, the classification criteria are not met.

**Germ cell mutagenicity** Based on available data, the classification criteria are not met.

**Carcinogenicity** Based on available data, the classification criteria are not met.

**Reproductive toxicity** May damage fertility or the unborn child.

2-pyrrolidone: This component showed developmental effects only at high doses that were toxic to pregnant test animals (OECD Testing Guideline 414: Prenatal Developmental Toxicity Study). Uptake by people of small doses is not expected to cause developmental toxicity. This component has not caused adverse effects on sexual function or damage to fertility in an animal study (OECD Testing Guideline 443: Extended One-Generation Reproductive Toxicity Study).

**Specific target organ toxicity - single exposure** Based on available data, the classification criteria are not met.

**Specific target organ toxicity - repeated exposure** Based on available data, the classification criteria are not met.

**Aspiration hazard** Based on available data, the classification criteria are not met.

**Further information** Complete toxicity data are not available for this specific formulation

## 12. Ecological information

#### Ecotoxicity

| Product                                      | Species | Test Results  |
|--|---------|---|
| C4994Series                                  |         |   |
| <b>Aquatic</b>                               |         |   |
| <i>Acute</i>                                 |         |   |
