

SAFETY DATA SHEET

1. Identification of the chemical and information about the manufacturer or supplier

*** This Safety Data Sheet is only authorised for use by HP for HP Original products. Any Important information

unauthorised use of this Safety Data Sheet is strictly prohibited and may result in legal action

being taken by HP. **

1.1 Identification of the chemical products

CN026 Series 1.1.1 Technical name

Other means of identification None.

1.1.2 Recommended use of the chemical and restrictions on use

Recommended use Inkjet printing None known. Limitations on use

1.2 Manufacturer/Importer/Supplier/Distributor information

1.2.1 Manufacturer

ZAO Hewlett-Packard A.O.

Highway Leningradskoe, House 16A, Building 3,

125171, Moscow

7 495 797-3500 **Telephone**

HP Inc. health effects line

(Toll-free within the US) 1-800-457-4209 (Direct) 1-760-710-0048

HP Inc. Customer Care

1-800-474-6836 (Toll-free within the US) 1-208-323-2551 (Direct)

Email: hpcustomer.inquiries@hp.com

2. Hazard(s) identification

2.1. Hazard identification of chemical product as a whole (classification according to GOST 12.1.007-76 and GHS)

Classification according to Not available.

GOST 12.1.007-76

GHS classification

Not classified. Physical hazards Not classified. **Health hazards** Not classified. **Environmental hazards**

2.2 Labeling elements in compliance with GOST 31340-2013

2.2.1 Signal word None. None. 2.2.2 Symbols

Not available. 2.2.3 Hazard statement

Precautionary statement

Not available. Prevention Not available. Response Not available. Storage Not available. Disposal

Other hazards Carbon black is classified by the IARC as a Group 2B carcinogen (the substance is possibly

carcinogenic to humans). Carbon black in this preparation, due to its bound form, does not present

this carcinogenic risk. None of the other ingredients in this preparation are classified as

carcinogens according to ACGIH, EU, IARC, MAK, NTP or OSHA.

Potential routes of overexposure to this product are skin and eye contact.

Inhalation of vapor and ingestion are not expected to be significant routes of exposure for this product under normal use conditions. Complete toxicity data are not available for this specific

formulation.

Material name: CN026 Series SDS RUSSIA

10307 Version #: 06 Revision date: 06-Jul-2020 Issue date: 18-Dec-2018

Supplemental information

2-pyrrolidone: Specific Concentration Limits, Reproductive toxicity Category 1B, fertility or the unborn child 3%. Mixture classification threshold based on data related to developmental toxicity in animals. No adverse effects on sexual function or damage to fertility have been observed in an animal study. See Section 11.

3. Composition/information on ingredients

3.1 Information on product as a whole

3.1.1 Chemical name

(IUPAC)

CN026 Series

3.1.2 Chemical formula

Not available.

3.1.3 General description of the composition (taking into account the brand

Not available.

assortment; preparation

method)

3.2 Components

Hygienic standards in the working area

Components	Concentration by weight (%)	MAC, mg/m3	TSEL, mg/m3	Hazard classification	CAS-No.	EC No.
2-pyrrolidone	<2.5	10 Aerosol.	None.	4	616-45-5	210-483-1
ACRYLIC POLYMER	<1	None.	None.		82682-08-4	-
Composition comments	This ink supply contains an aqueous ink formulation.					
	Carbon black is present only in a bound form in this preparation.					
	2-pyrrolidone: Specific Concentration Limit 3%. Mixture classification threshold based on data related to developmental toxicity in animals. No adverse effects on sexual function or damage to fertility have been observed in an animal study. See Section 11.					

4. First-aid measures

4.1. Observed symptoms

4.1.1 In case of exposure via inhalation

Under normal conditions of intended use, this material is not expected to be an inhalation hazard.

4.1.2 In contact with skin

Contact with skin may result in mild irritation.

4.1.3 In contact with eyes

Contact with eyes may result in mild irritation.

4.1.4 In case of exposure

via ingestion

Health injuries are not known or expected under normal use.

4.2 First-aid measures to be provided to victims

4.2.1 In case of exposure via inhalation

Move to fresh air. If symptoms persist, get medical attention.

4.2.2 In contact with skin

Wash affected areas thoroughly with mild soap and water. If irritation persists get medical

4.2.3 In contact with eyes

Do not rub eyes. Immediately flush with large amounts of clean, warm water (low pressure) for at

least 15 minutes or until particles are removed. If irritation persists get medical attention.

4.2.4 In case of exposure

via indestion

If ingestion of a large amount does occur, seek medical attention.

4.2.5 Contraindications Not available

5. Fire-fighting and explosion safety measures and means

5.1 General characteristics of fire-explosion properties

Not available.

5.2 Fire-explosion indicators

Not available.

5.3 Combustion and/or thermal destruction products and hazards arising from these

Not available.

5.4 Recommended extinguishing media

media

CO2, water, dry chemical, or foam

5.5 Forbidden extinguishing

None known.

5.6 Special protective equipment for firefighters Not available.

Material name: CN026 Series SDS RUSSIA

10307 Version #: 06 Revision date: 06-Jul-2020 Issue date: 18-Dec-2018

None established.

methods

6. Accident and emergency prevention and response measures and their consequences

6.1 Measures to prevent harmful effects on people, environment, buildings, constructions, etc. in case of accidents and emergencies

6.1.1 General required actions in case of an accident or emergency Wear appropriate personal protective equipment.

6.1.2 Personal protection equipment in case of the Not available.

accident

6.2 Procedures for the elimination of accidents and emergencies

6.2.1 Procedures in case of leaks, spills, splashes

Soak up with inert absorbent material. Slowly vacuum or sweep the material into a bag or other sealed container. Dispose of in compliance with federal, state, and local regulations. See also

section 13 Disposal considerations.

6.2.2 Actions in case of fire

Not available.

Methods and materials for containment and cleaning up Dike the spilled material, where this is possible. Absorb with inert absorbent such as dry clay, sand

or diatomaceous earth, commercial sorbents, or recover using pumps.

Do not let product enter drains. Do not flush into surface water or sanitary sewer system. **Environmental precautions**

7. Storage and handling requirements of chemicals during loading and unloading

7.1 Safety precautions when handling chemical products

7.1.1 Technical safety

measures

Not available.

7.1.2 Environmental protection measures Not available

7.1.3 Recommended safe

Avoid contact with skin, eyes and clothing.

handling and transportation advice

7.2 Chemical storage requirements

7.2.1 Terms and conditions Not available.

for safe storage

Not available 7.2.2 Packaging

7.3 Safety measures and storage requirements at

Keep out of the reach of children. Keep away from excessive heat or cold.

domestic use

8. Equipment for monitoring exposure and personal protective equipment

8.1 Parameters of the working area that require monitoring

Occupational exposure limits

Hygiene Norm GN 2.2.5.1313-03. Executive No. 76 of 30 April 2003. Maximum allowable concentration (MAC) of harmful substances in the air of working zones, as amended

Form Components Type Value 2-pyrrolidone (CAS Ceiling Aerosol. 10 mg/m3 616-45-5)

8.2 Measures to ensure the content of harmful substances in the working area below the exposure level concentration

Exposure limits have not been established for this product.

Appropriate engineering controls

Use in a well ventilated area.

8.3 Worker personal protective equipment 8.3.1 General

Not available.

recommendations

8.3.2 Respiratory protection

Not available.

8.3.3 Protective equipment

Eye/face protection Not available. Hand protection Not available.

Other Use personal protective equipment to minimize exposure to skin and eye.

Not available Thermal hazards

8.3.4 Personal protection equipment in case of

domestic use

Not applicable.

General hygiene considerations

Handle in accordance with good industrial hygiene and safety practice.

9. Physical and chemical properties

9.1 Physical appearance

Physical state Liquid. **Form** Liquid. Color Black.

Odor Not available. Not available. Odor threshold

9.2 Parameters characterizing basic properties of the product

pН

Melting point/freezing point Not available. Initial boiling point and boiling Not determined

range

Flash point > 200.0 °F (> 93.3 °C) Pensky-Martens Closed Cup

Not available. **Auto-ignition temperature** Not available. **Decomposition temperature** Upper/lower flammability or explosive limits

Flammability limit - lower

Not determined

Flammability limit - upper

(%)

Not available.

Not determined Vapor pressure Vapor density >= 1 (air = 1.0)Density 1.00 g/cm3 **Viscosity** >= 2 cp

Solubility(ies)

Solubility (water) Soluble in water Not available. **Partition coefficient**

(n-octanol/water)

Other data

Evaporation rate Not determined Not determined Oxidizing properties Percent volatile 1.35 % estimated

VOC < 146 g/l

10. Stability and reactivity

10.1 Chemical stability Stable under recommended storage conditions.

Hazardous decomposition

products

Upon decomposition, this product may yield gaseous nitrogen oxides, carbon monoxide, carbon

dioxide and/or low molecular weight hydrocarbons.

Incompatible with strong bases and oxidizing agents.

Not available. 10.2 Reactivity 10.3 Conditions to avoid Not available. Possibility of hazardous Will not occur.

reactions

11. Toxicological information

Incompatible materials

11.1 General exposure

characteristics

Not available.

Not available. 11.2 Routes of exposure

11.3 Affected/target organs, tissues and systems of humans

toxicity - single exposure

Specific target organ Based on available data, the classification criteria are not met.

Specific target organ toxicity - repeated exposure

Based on available data, the classification criteria are not met.

11.4 Information on health hazards in case of direct exposure to the product and its effect

Effect on upper respiratory

tract irritation

Not available.

Respiratory or skin

sensitization

Not available.

Respiratory sensitization

Based on available data, the classification criteria are not met. Based on available data, the classification criteria are not met. Skin sensitization Based on available data, the classification criteria are not met. Skin corrosion/irritation Based on available data, the classification criteria are not met. Serious eye damage/eye

irritation

Not classified as an irritant according to, OECD 405.

Based on available data, the classification criteria are not met. **Aspiration hazard**

11.5 Information on long-term hazardous health effects

Carcinogenicity Based on available data, the classification criteria are not met.

> Carbon black is classified as a carcinogen by the IARC (possibly carcinogenic to humans, Group 2B) and by the State of California under Proposition 65. In their evaluations of carbon black, both organizations indicate that exposure to carbon black, per se, does not occur when it remains bound within a product matrix, specifically, rubber, ink, or paint. Carbon black is present only in a bound form in this preparation. None of the other ingredients in this preparation are classified as

carcinogens according to ACGIH, EU, IARC, MAK, NTP or OSHA.

Based on available data, the classification criteria are not met. Reproductive toxicity

> 2-pyrrolidone: This component showed developmental effects only at high doses that were toxic to pregnant test animals (OECD Testing Guideline 414: Prenatal Developmental Toxicity Study). Uptake by people of small doses is not expected to cause developmental toxicity. This component has not caused adverse effects on sexual function or damage to fertility in an animal study (OECD Testing Guideline 443: Extended One-Generation Reproductive Toxicity Study).

Based on available data, the classification criteria are not met. Mutagenicity

Cumulativeness Not available. Not available. **Chronic effects**

11.6 Acute toxicity data Based on available data, the classification criteria are not met.

Components **Species Test Results**

2-pyrrolidone (CAS 616-45-5)

Acute Oral

LD50 Rat > 5000 mg/kg

Further information Complete toxicity data are not available for this specific formulation

Refer to Section 2 for potential health effects and Section 4 for first aid measures.

12. Environmental impact information

Aquatic toxicity Not expected to be harmful to aquatic organisms.

12.1 General description of the impact on the environment

Not available.

12.2 Routes of exposure to

13. Recommendations for waste (residues) disposal

13.1 Safety precautions when handling the waste generated during use, storage, transportation

Do not dispose of together with general office waste. Do not allow this material to drain into sewers/water supplies.

Dispose of waste material according to Local, State, Federal, and Provincial Environmental

Regulations.

Ensure collection and disposal with an appropriately licensed waste contractor.

HP's Planet Partners (trademark) supplies recycling program enables simple, convenient recycling of HP original inkjet and LaserJet supplies. For more information and to determine if this service

is available in your location, please visit http://www.hp.com/recycle.

Disclaimer

This Safety Data Sheet document is provided without charge to customers of HP. Data is the most current known to HP at the time of preparation of this document and is believed to be accurate. It should not be construed as guaranteeing specific properties of the products as described or suitability for a particular application. This document was prepared to the requirements of the jurisdiction specified in Section 1 above and may not meet regulatory requirements in other countries.

This safety data sheet is meant to convey information about HP inks (toners) provided in HP Original ink (toner) supplies. If our Safety Data Sheet has been provided to you with a refilled, remanufactured, compatible or other non-HP Original supply please be aware that the information contained herein was not meant to convey information about such products and there could be considerable differences from information in this document and the safety information for the product you purchased. Please contact the seller of the refilled, remanufactured or compatible supplies for applicable information, including information on personal protective equipment, exposure risks and safe handling guidance. HP does not accept refilled, remanufactured or compatible supplies in our recycling programs.
